Based on the characteristics listed in Schedule 1 of S.I. No. 491 of 2024, I have formed the opinion that the dog substantially meets the physical conformation standard and in the case that the dog has not attained the age of 18 months, has the potential to do so on or after attaining that age. This forms the basis for my decision to seize the dog.

I have reasonable grounds to believe that no Certificate of Exemption has been granted for the dog listed above, as evidence that the dog listed above is the subject of a Certificate of Exemption has not been provided to me within the required timeframe. If the dog is less than 18 months of age, evidence of application for a Certificate of Exemption to the relevant local authority has not been provided to me within the required timeframe.
